

Tonite (Fallin' For Ya')

Jay Ferguson

Baby, I've been holding out so long
Searching for that place where I belong
But every night the same toss and turnin'
I was standing on a bridge that was burnin'

Playing with my restless heart again
Reaching out over the edge for someone to pull me in
Trying to deny what I'm feeling
Right when I was ready to go, oh

Tonight
I'm fallin', fallin' for ya
Tonight
Baby, and I can't say no
Tonight
I'm fallin', fallin' for ya
Tonight
I'm fallin', oh

Running from these things that I can't control
Finding no escape from it all
I feel twisted, I feel cold
Am I wasting time with you, baby?
Don't make me the last one to know, oh

Tonight
I'm fallin', fallin' for ya
Tonight
Baby, and I can't say no
Tonight
I'm fallin', fallin' for ya
Tonight
I'm fallin', oh

I've had a heart left shattered before
Why should I hold out here anymore?
I can't hold out anymore

But nobody ever warned me
It would ever be this easy

Tonight
Baby, tonight
Tonight
Baby, tonight
I'm fallin'

Tonight
I'm fallin', fallin' for ya
Tonight
Baby, and I can't say no
Tonight
I'm fallin', fallin' for ya
Tonight
I'm fallin', oh

Tonight

I'm fallin', fallin' for ya
Tonight
I'm fallin', fallin' for ya
Tonight
I'm fallin', fallin' for ya
Tonight
I'm fallin', fallin' for ya
Tonight
