

## Liar

**Jay-Jay Johanson**

You tell me that you're lying But I know it's not true You say  
you didn't do it But I know it was you If I tell you that I lov  
e you Would that make me a liar too You tell me that you're lyi  
ng But I know it's not true You say you didn't do it But I know  
it was you If I tell you that I love you Would that make me a  
liar too
