

## Two Fingers

Jay-Jay Johanson

He used to sit here on my right side Telling stories from the past  
He gave me shelter and a place to stay Served me water and bread

Two fingers Pointing at the stars Two fingers On your hand Two fingers  
Showing me the way Two fingers

She used to sit here on my left side With her wonderful smile She  
read me poems and she kept me warm Inspiration and love

Two fingers Pointing at the stars Two fingers On your hand Two fingers  
Showing me the way Two fingers

They used to sit here on my both sides Made this tougher to lie

Two fingers Pointing at the stars Two fingers On your hand Two fingers  
Showing me the way Two fingers
