

100 Days

Jay Park

You know what I wanna do
I made this song for you

Can't fuck with me if you basic
Ride around the skrrrt the Mercedes
If you ain't in my section, you jaded
Shots one time do the ladies
Hunnid days in the telly last year
50 flights first class whole year
Don't bring the negativity 'round here

You in them jeans, oh it's gonna be a problem
Walk in the room and they all lookin' at your body
Hotel key, girl just meet me at the lobby
Drinkin' the cup, WONSOJU sippin' got us vibin'
Hatin' ass bitches up in here, that's a probably
We should get outta here and go somewhere a little private
Hop on a jet, lemme take you to the islands
Lay on the beach and your bikini, girl you stylin'

A couple more shots up in K-Town
Spin around and bust it down
Oh baby girl I'm from the town
I hit it once and then I'm gone

Can't fuck with me if you basic
Ride around the skrrrt the Mercedes
If you ain't in my section, you jaded
Shots one time do the ladies
Hunnid days in the telly last year
50 flights first class whole year
Don't bring the negativity 'round here

If you a basic bitch
Nah I can't do it
I don't do dirty birds
I ain't Ray Lewis
If she a ten
Waste no time
Get straight to it
I'm a made man
Baby I make music
Black Maybach outside of your crib
Hurry up and do your hair
We gotta dip
Treat you like a queen
Swear like a pimp
Got a pole in the master room, can you strip?

Made love in the drop top
Hit it on the first night
She my little thot-thot
Got more smoke than the hotbox
I don't really pop out cuz I don't wanna pop an opp
Split the lil fifty in the mall
Turned baby girl to a shark
I'm in her jaws

Life's a trip, I've seen it all
But you know what's up
We hit Cabo in the fall

Can't fuck with me if you basic
Ride around the skrrrt the Mercedes
If you ain't in my section, you jaded
Shots one time do the ladies
Hunnid days in the telly last year
50 flights first class whole year
Don't bring the negativity 'round here

Crash out 'bout a bitch
No, it can't be me
Thang sweet like milk tea
She an ABG
Promoters pay me fees
I'm with Dru Huns
Where the new yuns
Tell her choose up
Never choose down
That's her ex-boyfriend, tell him cool out
Make it U-Haul let me see it move round
Nah she's not shy, she don't care 'bout who's round
She my lil' goer
Fresh up out the package buss it open
Look at her reflection, got it pokin'
I'm tryna see what that do
Meet me in the bathroom

Can't fuck with me if you basic
Ride around the skrrrt the Mercedes
If you ain't in my section, you jaded
Shots one time do the ladies
Hunnid days in the telly last year
50 flights first class whole year
Don't bring the negativity 'round here
