

Dedicated 2 U

Jay Park

This song is dedicated 2 u my love
You're the only one
I'm thinkin' of
My baby that's for sure
You're the only one I know

This song is dedicated 2 u my love
You're the only one
I'm thinkin' of
My baby that's for sure
You're the only one I know

Many nights
Many days
I pray to God
Send u my way
Wish come true
I always knew
One day I will have u in my arms
We lovin' and we kissin' in the morning
I love it when u see me when I'm tourin'
With u baby never a dull moment
Girl it's never boring
Always making stories
(That's worth)
Tellin' a thousand times
Make me laugh make me cry
Never wanna say goodbye
Girl u always on my mind (No no)
Baby girl you're on my mind
Baby girl u give me life (No no)
Girl I'd never tell a lie
Cause with u I wanna try
Listen

This song is dedicated 2 u my love
You're the only one
I'm thinkin' of
My baby that's for sure
You're the only one I know

This song is dedicated 2 u my love
You're the only one
I'm thinkin' of
My baby that's for sure
You're the only one I know

When we're together I fall in love
Over and over again my baby
Rest my head on your body
It feels like I'm in heaven
Ridin' around we poppin' tags my baby
Showerin' u with drip
Cause you're my lady
Grubbin' on private dinners
Caterin' to all of your needs
What I want as long as u satisfied baby

All of the riches and jewels in the world
Can't hold a candle to u
My baby girl
Growin' old together
Till we white and grey
It's on my mind
And in my heart
This song is dedicated 2 u
Only u
Reliving every moment
Like it's déjà vu
Gimme your heart and I won't ever break it
Won't break it

This song is dedicated 2 u my love
You're the only one I'm thinkin' of
My baby that's for sure
You're the only one I know

This song is dedicated 2 u my love
You're the only one I'm thinkin of
My baby that's for sure
You're the only one I know
