Look at me on my way  
so don't fuck up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Up the feng shui

I'mma be doin' my thang  
That's on God I swear  
Yes girl do that dance  
Yeah you do that there  
No we ain't poppin' Xans no  
But we lit off that soju  
That soju  
Get out my way yeah  
I'm trying to get paid yeah  
I wanna get laid yeah  
I do this all day yeah  
This my wave yeah  
You stuck in a cave yeah  
Trying to throw shade yeah  
But I'm shining yeah  
Get you to my room  
in the perfect position  
I want to feel your energy  
yeah that is my mission  
Movin' round this furniture  
the neighbors can listen  
You thicker than a plot  
in a thriller suspense film

Look at me on my way  
so don't fuck up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Look at me on my way  
so don't fuck up the feng shui  
Up the feng shui

You fuckin' up my feng shui  
I'm too fly to stress  
They never tell me no

All I here is yes  
Eenie minie mo  
I tell her you is next  
I walk you out the door  
Yes I'm a gentlemen  
Don't bring no hate around me  
Keep that shit on your IG  
Only the real around me  
No need no catch a Body  
You talking' crazy rearrange  
you like it's Tetris boy  
The Ginsu might just turn your cabbage  
into lettuce boy  
The homies might just turn your minutes  
into seconds boy  
I'm just playing you can loosen up  
that tension boy  
We focused  
Making magic like it's hocus pocus  
They taking notice  
I'm just me the motherfucker  
that they pay to see  
They sleeping on the town  
this a rude awakening  
I'm just me the motherfucker  
that they pay to see  
They sleeping on the town  
this a rude awakening
