

# Forget About Tomorrow

Jay Park

These August skies,  
hot summer nights  
With broken hearts

Come brand new light  
And in the dark  
Is where we'll start  
From the beach to your bed  
All of me is what you'll get, girl  
All night long

Let's forget about tomorrow  
Cause we're living for tonight  
Girl forget about tomorrow  
Cause we drinking all day  
and dancing all night

Let's forget about tomorrow  
Cause we're living for tonight  
Let's forget about tomorrow  
And just live it up tonight

These autumn skies  
To winter night  
Keeps moving fast  
Cause time just flies  
And when I'm gone

Will you think about us at all  
Will you ever fall in love as hard  
Will you please be strong

Let's forget about tomorrow  
Cause we're living for tonight  
Girl forget about tomorrow  
Cause we're falling in love  
and we're breaking back up

Let's forget about tomorrow  
Cause we're living for tonight  
Let's forget about tomorrow  
And just live it up tonight
