Got the call from Park
I thought my momma passed
Sitting in the dark reciting
knowing every line will gas
Never made the honor roll
never seen an honor class
Leez was in the streets
you had to visit me behind a glass
Snot nose kid ready to pop that Sig
Ready to mop them niggas show 'em
they not that big
They tell me watch this clip
Look what the cops just did
They killed another civilian
and so the plot gets thick
So what's your worst fear
what you working with
and what's your worth here
Passionate about it ever since
I shed my first tear
Killers lamping round him
so it's obvious they work here
Payroll shooters who maneuver
with him through turfs yea yea
Seeing results and hoping we deserve it
Father figure took him for
dessert then later he deserted
Catching major cases wasn't

there to see them read the verdict
Label me as dangerous but
you clearly see he needs a purpose
Ain’t nobody perfect
ain’t nobody perfect
trying to break the surface
I’m just knowing that no one
can stick a-round as the earth
As they lurking I know
I see ’em I got 20/20
I hope they finally approach me
cause I got plenty fullys
King

Day dreams vanilla cake & apple pies
Soda fountains mountains alps and alibis
I’m the plug like Bon Scott
In the game John Snow
Vision like John Stock
We went from huggin’
the block to feelin’ the glow
5 star tels towels champagne
still stealing the robes
Microwave generation
but still on the stove
That analog Pyrex is still in my soul
On your marks ready set go ready invest
It’s still Air Max 90’s the hoodies & vests
Michael Jordan’s playground
like could he be next?
Couldn’t jump so I jumped
the train like Woody & Wes
Get the call I still knock a body off
Kick it like Chun Li even where my son be
Underground shit
I keep my pimp where my Bun B
Now put your hands where the sun be
This a stick up

Now who the boss
You shoulda known
pH be the pseudonym
Came from a town without nothin’
Used to spin Jays for some profit
Couple years later
I’m rockin’ a baller chain
My style is iced out freezin’ the brain
Ahead of the rest
It’s no competition
Don’t ever try and cross me
that’s my proposition
But if you ever do you’ll see me
at the junction in a pro position
Stay alert and cautious
expect repercussions
Shooting caffeine in the membrane
as I grind harder
Only lookin’ back so
I can right my wrongs no ghost writer
A family of four
We used to dream of all the things
we could never afford
Now I’m countin’ cash and writing
checks a bank teller
A way to show love to my mama
but I still tell her
To verbalize a moment like this
We came a long way
Ain’t nothin’ new
That’s why I always skip the front page

Time to turn these embers
into to fire again
Itching like a baller coming
back out of retirement
God of my ocean
I been posted like leviathan
Technology been changing
my environment
Mercury rising empires
were meant to fall
Crystal ball upper levels melting
like the Mendenhall
Same shit from Seattle
Seoul to Senegal
Digital dreams translated
back to analog man
Dying harder than a old habit
Got two sons like Luke’s home planet
Got a duffle bag of can in every color
Cause they tryin’ to make us
monochromatic
But they can’t cause
we on that international shit
Pacific Rim Northwest
to the opposite edge
Still on my scholar shit
without a scholarship
Been blessed but I don’t need these
fuckers to acknowledge it
Promises made in another era

Since '09 9 straight that's that escalera
My mind state's prime rate get your 3% up
I'm west coast like the plaza
up in white center
True to the art
They love it when I'm zooming with Park
Been pursued while
I'm bluest when I move in the dark
Contribution to the movement
I'm just doin' my part
