Million

Jay Park

I gotta million things to do
A million things to prove
A million things to lose
But I'm right here next to u baby
I gotta million things to do
A million things to prove
A million things to lose
But I'm right here next to u baby

Every time in the morning
we fuckin and yawnin'
I'll buy u the world
but time can't afford it
I appreciate u for being
supportive
Girl u the bae but also the homie
U keep me in on a Friday night
Used to be at every party
creepin' now I'm outta sight
Only thing that's real is me
and you that's what it's kinda like
Couple bottles of soju and
we knock out like a Tyson fight
I was a liar
I wasn't right
Faithful didn't mean shit yeah
in my life yeah
But u turned that around
turned that around oh
Got me workin' at this
workin' at this hard
I gotta million things to lose
But I'd rather lose a million
things instead of losing you
This my heart and soul
u can feel it in the booth
I've never been this way girl
and that the honest truth I swear
girl I swear oh yeah

I gotta million things to do
A million things to prove
A million things to lose
But I'm right here next to u baby
Right here next to you girl
I'm right here next to you

I gotta million things to do
A million things to prove
A million things to lose
But I'm right here next to u baby

I go overseas every other week
If I'm gone too long then
you come see me
Book ur ticket first class girl
Not my first

but you can be my last girl
That’s real shit only one
I wanna be with
Could prolly fuck a million girls
when it comes down to it
that don’t mean shit oh no
I’ve learned my lesson
girl fo sho
Look I’m witchu all day
and I’m witchu all night
Not because I have to be
but that’s what I want
Nothing lasts forever
but I hope this really does
It’s beyond fucking girl
we really making love

I got a million things to lose
But I’d rather lose a million
things instead of losing you
This my heart and soul
you can feel it in the booth yeah
And that’s the honest truth I swear
Oh girl I swear
