

# Recall

Jay Park

I've been tryna stay focused  
Keep on tryna act so cool  
Heard you find a lover  
You used to be a little stubborn  
Guess he's about to feel a suffer  
Missing out days, fucked up  
Can you define what  
Unbreakable love is

Used to think that we'll be the only two  
Who could answer the question  
I just gave you  
But love is kinda hard  
When you're truly committed  
Couldn't afford it to make it right

When I recall  
Things that you've done for me  
I fall down so frequently  
When I recall  
Things that I hate to see  
But it's all over me

Used to think that we'll be the only two  
Who could answer the question  
I just gave you  
But love is kinda hard  
When you're truly committed  
Couldn't afford it to make it right

When I recall  
Things that you've done for me  
I fall down so frequently  
When I recall  
Things that I hate to see  
But it's all over me

I lay my head down  
Next to me's an empty space  
I close my eyes and  
We're together once again  
Forgive me for all I did  
I'm only human  
I had growing up to do  
Didn't know what I was doin'  
Baby girl I can't lie, miss your loving  
Only want your kissin' and hugging  
Hurts me so bad that it's no more  
It's so sudden  
Heart has no feelin', it's so numb  
It's turned so cold

Wish that I could just turn back time  
And go back to the days  
When I could see that smile up on your face

When I recall

Things that you've done for me  
I fall down so frequently  
When I recall  
Things that I hate to see  
But it's all over me

Used to think that I will be the only one  
Who could answer the question  
I just gave you  
But love is kinda hard  
When you're truly committed  
Can we afford it to make it right

When I recall  
Things that you've done for me  
I fall down so frequently  
When I recall  
Things that I hate to see  
But it's all over me
