Stutter

Jay Park

Look where we at
Somewhere in Seoul
Working all night
Underground studio
Sunbathe in the snow
Diamonds shine but it's cold
100 texts on my phone
We about to let 'em know
I got goals goals
Cristiano Ronaldo
I only see plus plus
Like I'm a Tahoe
I only talk truth truth
I'm speaking that gospel
Fuck a lil' glass glass
Hand me the bottle
We gon' get lit
Takin' a swig
Latin women be all over the kid
Every time that I score it's a swish
No end for me it's a bottomless pit
I done got everyone on my list
Starting over yeah I'm making a wish
I need Kendall to come give me a kiss
Fuck the money shit it don't make you rich

My ambitions be like oooh
Girl your body be like oooh
We forever on that oooh
We forever on that oooh

Fuck wasting time
Let's take the night
They fucking it up
Take it back we gon' make it right
I'm feeling so blessed pray to God
Thank you for this life
I'm finna go hard motha fuckin' hard

I do this for real I don't stutter
I do this for real I don't stutter
I do this for real I don't stutter
Smooth it like butter
I do this for real I don't stutter
I do this for real I don't stutter
I do this for real I don't stutter
Smooth it like butter

Look where we at
New York I flew in from Seoul
Jay told me boy you up next
Come fuck with the winners let's go
Last year we slept in the P's
I sleep in the Telly while we on the tour
I always thought sharing was caring
I asked your bitch and she not even yours
Drip from my walk she drip on the floor

No tick when I toc the Rollie Import
Get to the bag go to the morgue
Killing a beat burn an aux chord
Told her drop the top in the drop top foreign
Fuckin on a thot it the box ain’t boring
They say I’m the future
like pulling up in DeLoreans
Fuck that life is a bitch I’m scoring
Stockton dishing ally oops
Counting chicken in the coop
My man’s really makin’ moves
If you talk silly they might shoot
I do this for real I don’t stutter
They don’t see the picture
I say fix the shutter
That Bad lil’ bitch and
she smoother than butter
I fuck on her body
she pray that I love her
But I don’t never love a hoe
I just love the cash
I’ve lost it all and they prayed
I’d never bounce right back
All these people praise the frauds
we just stating facts
They used to put me on the bench now
my game is splash
Let’s get It right even for one night
Yeah yea you the girl that
I like mix you with the sprite
But I can’t a put a ring on you
getting paid for life my wife
I don’t give a fuck if they hate what I’m on
While they sleeping at the night
I’m getting paid by the morn’
Yeah I do this for real

I do this for real I don’t stutter
I do this for real I don’t stutter
I do this for real I don’t stutter
I put that shit on my mother
I do this for real I don’t stutter
I do this for real I don’t stutter
I do this for real I don’t stutter
I put that on my mother
