

Undefeated

Jay Park

They try to count me out
but I embrace it with open arms
Signed with the ROC from break
dancing in my garage
Think I'm a sucker reason
why I get over charged
But I'm just letting you eat
it's called having a heart
Survival of the fittest fuck
principles its business
But that ain't how I operate
my whole team full of winners
Whole squad on my shoulders yeah
I'll pick up the slack
Thank God for the position
I don't take it for granted
Nah never was dirt poor
but I saw my home breaking down
Head of the family was natural
I'm the eldest child
Shout outs to dad got it together
we happy now
Ma ain't worried no more glad
I could make her smile
But alcohol get the best
of us sometimes
Traumatic scenes but look back
at it like fun times
Forgive and forget
cause ain't no other method
As long we grow together
and see the progression

Little by little I'm taking my time
Come along for the ride
Put your money down on me
and you know that I will provide
Keeping it simple I'm taking it in
Don't let it get to my head
I'm keeping it pushing and
always stay looking ahead

All night no lie every time
I'm undefeated undefeated
Even when we knocked down
We never hit the ground
Undefeated undefeated

So many temptations keep me
from being a faithful man
Money power respect
they try to come take your land
But no worries I pray to God
help me understand
I'm more bout growth and
lending a helping hand
Inspire motivate that's what I'm about

Tunnel vision straight up yeah
that's my only route
Seattle rain that what helps us
handle the drought
I hold dear every word
that ever comes out my mouth
That's real shit I know I inspire lil' kids
To some I help handle the
bull shit they deal with
China man? Damn right
the roads I'm building
Pave ways for all us there's no ceiling
Lord I pray
Keep us healthy and safe
Anything extra I thank you everyday
Little by little I'll keep on making my way
Till one day we meet behind
those pearly gates

Little by little I'm taking my time
Come along for the ride
Put your money down on me
and you know that I will provide
Keeping it simple I'm taking it in
Don't let it get to my head
I'm keeping it pushing and
always stay looking ahead

All night no lie every time
I'm undefeated undefeated
Even when we knocked down
We never hit the ground
Undefeated undefeated

I'm tryna see more winds
for my city no drama
Put it down with my real fam
till we come up
Grind all year just for
one more summer
Cause I always seen light
at the end of the tunnel
Can't slow me down with
no crowd I would still be here
Too many people in my life
never will be here
I ain't a rookie and it's still my year
So I ain't finna let nobody
drill me here
Till I'm ten toes in the dirt
One love in the verse
Whole life in the work yeah
I don't need to be first
I don't fuck with that thirst
Can I take 'em to church yeah
All I needed was my family
to see me through it
Now we got it and we'll never lose it
Undefeated

All night no lie every time
I'm undefeated undefeated
Even when we knocked down

We never hit the ground
Undefeated undefeated
