

# Far Away

Jay Sean

Your laugh  
Those eyes  
Your smile  
Your innocence  
Means everything to me  
But you don't know, baby

The way you hold me  
when you're with your friends  
You want me  
Means everything to me  
but you don't know

We don't even talk no more  
We don't even hold hands like we did before  
We don't even know the reason why it came to be

That even though you're with me  
You feel so far away  
Feel so far away  
Feel so far away  
Feel so far away  
Feel so far away

I kiss you intensly for some extasy  
But somehow your lips feels so cold, Baby

We're perfect, Aren't we?  
In there eyes only  
But you lie, oh no  
The spark as gone

We don't even talk no more  
We don't even make love like we did before  
We don't even know the reason why it came to be

That even though you're with me  
You Feel so far away  
Feel so far away  
Feel so far away (Baby girl i need you here, Baby girl I need you)  
Feel so far away (Girl i need you)  
Feel so far away

Let's maybe take this like so we can see  
How beautiful this love can be  
And know we can't erase what we both feel  
So Let's fall back into what we had

That love just feels so far away  
Feel so far away  
Feel so far away (Come a little bit, oh, come a little bit, oh)  
Feel so far away  
Feel so far away
