

# Here's Hope

Jay Sean

Oh ooo oh oo

Everywhere everybody  
Needs a neighbour  
Showin up when times get hard  
But there's friends of sons  
And daughters  
Saying grace without supper  
In your backyard  
Who doesn't wanna be a hero  
Or atleast little bit of  
Helping out  
There's something you're  
Never gonna help or change  
But hunger's  
Something we can turn around.

Heres hope heres hope  
Showing up at your front door  
Heres hope heres hope  
You have what everybody's looking for  
Its your one chance to make a difference  
And your one choice to give a helping hand  
There's room at the table for more

So heres hope  
Oh ooo oh oo  
Heres hope  
Oh ooo oh oo  
Oh

Well, there's a small town  
Girl in thirdgrade  
Making sure sisters get enough  
She sees her mama working two jobs  
Worrying and crying, doing  
Everything but giving up  
If a miracle's a gift when  
You need it  
Then its time for stepping in  
Here's to families and kids  
Where ever you live  
Never ever wondering again

Heres hope heres hope  
Showing up at your front door  
Heres hope heres hope  
For what everybody's looking for  
Its your one chance to make a difference  
And your one choice to give a helping hand  
There's room at the table for more

Well heres hope  
Oh ooo oh oo  
And heres hope  
Oh ooo oh oo

Ohhhh

Here's going to bed not hungry  
Here's to changing the story  
Here's to bigger hearts and  
Brighter days  
Let me hear you sing it for me  
For me

Heres hope heres hope  
Showing up at your front door  
Heres hope heres hope  
For what everybody's looking for  
Its your one chance to make a difference  
And your one choice to give a helping hand  
There's room at the table for more

Oh ooo oh oo  
Ohhhh heres hope  
Oh ooo oh oo  
Ho  
Hope
