

Love

Jay Sean

She asked me if I really care
Waiting for somebody to save her, yeah
While we all up in the bed
And I'm like don't you even go there
She got a body like sugar,
Knows if I could I would be her man
But I got a girl waiting home for me
She ain't nothing like this freak
She'll do whatever I want, whatever I ask,
She knows how to put it on me
And I told her, you know the deal,
Babygirl, you know what it is
Girl, don't go catching feelings

So don't bring it up, up; you can't fall in love
You know what it is we got here
Girl, I'll hold you down if you're down too
Just don't call it love when I'm 'round you
So don't bring it up, up; you can't fall in love,
You know what it is we got here
Girl, I'll hold you down if you're down too
Just don't call it love when I'm 'round you

Baby, show me that you care; I'll return the favor, yeah
Baby, run my fingers through your hair
Damn, I love it when you really go there
When you go down, down, baby
Girl, you make me wanna leave my lady
She be at home and she getting no sleep
But she don't do it like you do to me
You do whatever I want, whatever I ask,
You know how to put it on me
So let me put it on you, turn this shit around,
Baby, I'm a [?]

But don't bring it up, up; you can't fall in love
You know what it is we got here
Girl, I'll hold you down if you're down too
Just don't call it love when I'm 'round you
So don't bring it up, up; you can't fall in love,
You know what it is we got here
Girl, I'll hold you down if you're down too
Just don't call it love when I'm 'round you

Love, straight up the ocean, [?] love the potion,
Money the business, baby we keep it rolling!
The game is frozen, but we're [?]
The way that we flip it baby, it's heavy-loadin'
Chip chip fly, we fly high
Suicide love, but we stay fly
Paradise living in a gold tour
Chandeliers, marble floors, showing love!
She's priceless, [?] on some niggers, nigger!
Love a real nigger by his paper, nigger!
His money over everything 'till we're gone,
Money over everything [?]

So don't bring it up, up; you can't fall in love
You know what it is we got here
Girl, I'll hold you down if you're down too
Just don't call it love when I'm 'round you
So don't bring it up, up; you can't fall in love,
You know what it is we got here
Girl, I'll hold you down if you're down too
Just don't call it love when I'm 'round you
