

Need to Know

Jay Sean

I'm drippin' with ice
Roll down my window
You pull up right
Tryna be patient
But you looking, you looking nice
See what I've been missing
Ignore the advice
Forever my vice

'Cause we don't
We don't care what people say
Been running with me for days
You took a full leap of faith

And that's all I need to know
And that's all I need to know
Maybe I'm foolish
Look what you got me doing
But that's all I need to know

Late home at night
She asking me questions
She got me tongue-tied
And I know it ain't right
Don't agree with our ways
We do things a little different, baby
They talking minimum wage
But don't make me talk 'bout my bank roll right now

We don't care what people say
Been running with me for days
You took a full leap of faith

And that's all I need to know
And that's all I need to know
Maybe I'm foolish
Look what you got me doing
But that's all I need to know

All I need to know is that you'll be right there 'til the sunrise
Know you got it good but it's fair 'cause I got mine
When she asks me questions I be lying, got me tongue-tied
'Cause I let you lay up in a bed with me last night

And that's all I need to know
And that's all I need to know
Maybe I'm foolish
Look what you got me doing
But that's all I need to know

And that's all I
And that's all I need to know
And that's all I
And that's all I need to know
