

Slow Down

Jay Sean

You don't even know what it feels like just yet
Girl I'm only getting started
Turn that thing around and let me back up what I just said
Cause I've been dreamin' of you
And all the things I would do ooh
What if all those things are all to come true
Baby, don't want it over too soon

Slow down, cause now it's only me and you
And I'mma have you screamin'
Slow down, when you feel all of me in you
If I could find a way then I would make this time be still for
both of us
Slow down, cause now it's only me and you
And I'mma have you screamin', slow
And I'mma have you screamin', slow
And I'mma have you screamin', slow

You don't know, you don't even know what you've done to me baby
But you gon' know, when you let my body do all the explaining
Cause I'mma put it on you baby
Like I've got somethin' to prove
Cause me and you be the truth
And you gon' notice you're too

You got me sweating, eyeing me from where your heading
So wanna watch it all go down
In the moment It'll be you time, and I'll be below
Wrap your legs 'round my head, I'll have you losing control
(Slow)
When I hit it from the back I see
Turn around while you grab the sheets
You let me know that it's always mine
Cause I'm the only one that's hittin' it right
And it's mine and your callin' when you moan
I'll be hearin' it all night long
