

# Words

Jay Sean

We can run we can fly or get caught in traffic yeah  
Or we can sink or we can swim or just look right past it yeah  
We can survive or let it die there's only one way this can go  
Do we know exactly what we're saying

I never thought I'd end up here like this with you  
And our future now depends on words we use  
We're at the end of the line and now it's time for us to choose  
This ain't how I pictured us but baby

Here we are  
Standing face to face  
In a moment things could change  
Be careful of the words we say  
Cause they could go too far  
Like a bullet shot in space  
We'd be gone without a trace  
And get lost inside the flames  
Be careful of the words we say  
The words we say

We've been here we've been there  
We said never again  
Yet here we are I see you're scared  
To even look right at me yeah  
Cause you know like I do  
That this might just be the end  
And either way girl something's gotta give in

I never thought I'd end up here like this with you  
And our future now depends on words we use  
We're at the end of the line and now it's time for us to choose  
This ain't how I pictured us but baby

Here we are  
Standing face to face  
In a moment things could change  
Be careful of the words we say  
Cause they could go too far  
Like a bullet shot in space  
We'd be gone without a trace  
And get lost inside the flames  
Be careful of the words we say  
The words we say

Lay down, lay down, lay down, lay down your guard  
And tear down, tear down, tear down, tear down the walls and  
Let out, let out, let out, let out the words we say (ohh)  
Lay down, lay down, lay down, lay down your guard  
And tear down, tear down, tear down, tear down the walls and  
Let out, let out, let out, let out the words we say (ooh)

And think about it baby  
Take a minute to yourself  
Cause this ain't how I pictured us  
This ain't how I pictured us but baby

Here we are  
Standing face to face  
In a moment things could change  
Be careful of the words we say  
Cause they could go too far  
Like a bullet shot in space  
We'd be gone without a trace  
And get lost inside the flames  
Be careful of the words we say  
The words we say
