I forget  
Just like a kid  
Can't see straight  
I'm tired, I'm alone

Kiss and tell / Kiss until  
These arguments  
Back and forth  
I will cut them down my head is through the ceiling

Going up up up up up up up  
Going up up up up up up up

I forget  
Just like a kid  
I can't see straight  
I tired, I'm alone

Kiss and tell / Kiss until  
These arguments  
Back and forth  
I will cut them down my head is through the ceiling

Going up up up up up up up  
Going up up up up up up up  
I'm going up up up up up up up
