

Devotion

Jay Som

Used to be the one to cry
And feel the emotions
Needed a path to find
The strange devotion
I changed my mind
Won't look no further
Just takes some time
To come back down to Earth
To Earth, to Earth

It's only change
It's only change

I changed my mind
Just takes some time

I wanna change, I wanna change
I wanna change, I wanna change
I wanna change, I wanna change
I wanna change, I wanna change
