

Drown

Jay Som

When you drown, oh
You try your best to float
Death in your eyes
Fingers cold
My dreams have failed
But I can see

If I blink twice
Will you appear?
My love is vast;
It fills the air

When you drown, oh
You try your best to float

If I blink twice
Will you appear?
My love is vast;
It fills the air
It fills the air

Your love is vast
It fills the air
It fills the air
