

Can't We Be Sweethearts

Jay & The Americans

Can't we be sweethearts
Why don't we fall in love
Right from the start
You're the girl I'm thinking of
Oh can't you see
That you're the only girl for me

Please be my sweetheart
Don't you know the way I feel
Please play the part
And make my dreams come real
Oh don't you know
Don't you know I really love you so

We'd walk hand in hand in our wonderland
The world would be our own
I'd make love to you, walk and kiss you too
You'd be mine alone

Please be my sweetheart
Don't you know the way I feel
Please play the part
And make my dreams all real
Oh don't you know
Don't you know I really love you
