

Something In My Eye!

Jay & The Americans

Little girl, don't worry for a moment
Just because, you found another guy
I don't really mind it
I'm not really cryin'
Oh no, it's just something in my eye

I suppose, you think my heart is breakin'
Well, you're wrong. You'll never see me cry
I don't really mind it
I'm not really cryin'
Oh no, it's just something in my eye

Congratulations, darlin', I don't mind
True love is really very easy to find

Little girl, I'm very happy for you
Just be quick, when you say goodbye
I don't really mind it
I'm not really cryin'
Oh no, it's just something in my eye

I'm not really cryin'
No, no, no
There's just something in my eye
Something in my eye
