

You Were On My Mind

Jay & The Americans

When I woke up this morning
You were on my mind
And you were on my mind
Hey I got troubles
I got worries
I got wounds to bind

So I went to the corner
Just to ease my pain
I said, "Just to ease my pain"
Hey I got troubles
I got worries
I came home again

But I woke up this morning
You were on my mind
You were on my mind
I got troubles
I got worries
I got wounds to bind

I got a feeling
Down in my shoes, I said
"Way down in my shoes"
I got to ramble
I got to move on
I got to walk away my blues

But I woke up this morning
You were on my mind
You were on my mind
