

# Me & This Bottle

Jay Webb

Me and this bottle  
We've been all the way to hell and back (Hell and back)  
Drinking every last swallow  
Every single time I get attached (When I get attached)

You don't know what I been through, so why you talkin' shit?  
Really, I keep it simple, the bullet's in the clip  
You left me with the benzos and, damn it, I regret  
Hookin' up with our friends, all just tryin' to get you back

No I didn't, no I didn't, no I didn't mean to make you cry  
No I didn't, no I didn't ever mean to keep you up all night

Me and this bottle  
We've been all the way to hell and back (Hell and back)  
Drinking every last swallow  
Every single time I get attached (When I get attached)  
Every sip I take, I heal this pain with the whiskey for the moment (F  
or the moment)  
Me and this bottle  
We've been all the way to hell and back (Hell and back)

Another late night, I'm gettin' wasted  
Nothing changed since I came from the basement  
You're the only one I'd ever let take me all the way back

Me and this bottle  
We've been all the way to hell and back (Hell and back)  
Drinking every last swallow  
Every single time I get attached (When I get attached)  
Every sip I take, I heal this pain with the whiskey for the moment (F  
or the moment)  
Me and this bottle  
We've been all the way to hell and back (Hell and back)

Would you take me as I am?  
Cigarette in the left and a bottle in the right hand  
Tell me, why that I should give a damn  
Ain't no woman in my bed, ain't no bible in my night stand  
Things changed since the day you left  
I ain't the man that I used to be

Me and this bottle  
We've been all the way to hell and back (Hell and back)  
Drinking every last swallow  
Every single time I get attached (When I get attached)  
Every sip I take, I heal this pain with the whiskey for the moment (F  
or the moment)  
Me and this bottle  
We've been all the way to hell and back (Hell and back)
