

# Ridin'

Jay Webb

Ride and rollin'  
Thirty fives and token'  
Through the night under pale moonlight  
Hopin' for the right chance  
We can let the vibes in  
Fuckin' in the truck underneath them pines  
Ayy

I been prayin' to the lord, keep me far from these demons  
I grab the .44 from the drawer when I'm leavin'  
You been beggin' me for more, lately, you been my reason  
I ain't off the deep end, tonight I...

Ride and rollin'  
Thirty fives and token'  
Through the night under pale moonlight  
Hopin' for the right chance  
We can let the vibes in  
Fuckin' in the truck underneath them pines

I can take you to the country where they crickets and the critters cry  
Speaker system bumpin' and the bonfire burnin' bright  
Girl, you know you got all of the perfect little country nights  
Underneath them southern pines  
Ooh, Forgi's on the truck, haulin' ass down a dirt road  
Ooh, shes down to fuck, put that ass in reverse mode  
She gon' live it up, did a shot in her church clothes  
'Least she went to church though

Ride and rollin'  
Thirty fives and token'  
Through the night under pale moonlight  
Hopin' for the right chance  
We can let the vibes in

Fuckin' in the truck underneath them pines

Underneath the pines on the truck bed layin'  
Take you where I'm from, babygirl, I'm talkin' way in  
Booty look like a drum, girl, that ass is for days and  
Love it when the sun goes hard while we makin'  
I been prayin' hard that you never leave  
Want that pussy dusk 'til dawn, shit is heavenly  
Even if you do me wrong, I won't never leave  
Pull back the string on your thong when you on your knees

I been prayin' to the lord, keep me far from these demons  
I grab the .44 from the drawer when I'm leavin'  
You been beggin' me for more, lately, you been my reason
