

# JUMPING OUT THE WINDOW

Jay Wheeler

Shawty says she need me  
Don't like how you treat me  
But the way you hold me  
Yeah, you know you keep me from jumping out the window  
Jumping out the window  
Jumping out the window  
Jumping out the window

Shawty says she need me  
Don't like how you treat me  
But the way you hold me  
Yeah, you know you keep me from jumping out the window  
Jumping out the window  
Jumping out the window

Don't know what made me wanna pass you by  
I know I fucked you over last two times  
You told me that you wanna call it quits  
I didn't even wanna ask you why  
You know, the thing is I was way too high  
I didn't know I'd pass you by  
You told me that you want a good guy  
Now that I'm ready, you don't have the time

You stay down and I know it  
I won't play around, won't blow it  
Just happened, I'm driving  
You riding

Shawty says she need me  
Don't like how you treat me  
But the way you hold me  
Yeah, you know you keep me from jumping out the window  
Jumping out the window  
Jumping out the window  
Jumping out the window

Shawty says she need me  
Don't like how you treat me  
But the way you hold me  
Yeah, you know you keep me from jumping out the window  
Jumping out the window  
Jumping out the window

I wish I woulda never had to lie  
I broke your heart just like a mastermind  
I couldn't fix it in a hundred years  
I coulda gave up but I had to try  
You say I really gotta wait to go  
Let you know, make sure you save it for me  
Shadows in the past, ain't no way I'm looking back  
But I'm back now, baby, you can save your tears

You stay down and I know it  
I won't play around, won't blow it  
Just happened, I'm driving  
You riding

Shawty says she need me  
Don't like how you treat me  
But the way you hold me  
Yeah, you know you keep me from jumping out the window  
Jumping out the window  
Jumping out the window  
Jumping out the window

Shawty says she need me  
Don't like how you treat me  
But the way you hold me  
Yeah, you know you keep me from jumping out the window  
Jumping out the window  
Jumping out the window
