

## Versus

Jay-Z

Hey sucka  
Where ever you are  
I thought about ya fool  
While I was driving my car

I wonder if you fools  
Realize how far  
You are  
You're no where in my rear mirror

Your last shit ain't better  
Than my first  
Your best  
Ain't better than my worst

The truth in my verses  
Versus  
Your metaphors  
About what your net worth is
