

Comes First

JAY1

I been on the road all week, no sleep
'Cause I'm tryna make more than ends meet, yeah-yeah
Tryna live like I'm free
Cah' you know that the money is where I gotta be, yeah-yeah
Wanna link me at one
But you know I gotta hit a sesh at three
Spittin' melodies so you know I'm livin' free
I even got time for me
In my bank, all these zeros
The best friends are the payloads
I can never switch on my migos
You don't even know what I been through
You know that my life is sweet
Drippin' Alexander McQueen
Nothin' in my life came free
I even left my teams
She just wanna get in my jeans

They just wanna get first
Know the grindin' comes first
I don't want no one
Know the grindin' comes first
They tryna cool, it won't work
Know the grindin' comes first
All the money we burn, yeah
Know the grindin' comes first
It comes first, yeah

I just wanna dap my baby, go for a drink
Girl, you're lookin' like a diamond when you're movin' your hips
Everybody's doin' parts, we just doin' our ting
The way you brukkin' off your back, it's got me lickin' my lips
Other girls are gettin' jealous, they can never compare
And every time she's gettin' ready, I just give her a stare
Slim, thick, big back, girl, you're bad and you know it
And I know you got some talent, baby, come here and show it
They way you twerkin', I dig it, I'm lovin' that motion
And if you're feelin' a lil' horny, then I'ma grab you some lotion
Baby sippin' my Hennessy, catch you sippin' the potion
And we just get past the talkin', and we go straight to the bowlin'
Girl, you're the baddest (Baddest)
And if you're chillin' back with me, you're livin' lavish (Lavish)
The way you're saucin' got these other bitches spazzin'
And I'ma keep you by my side becah' I got you
They just wanna...

They just wanna get first
Know the grindin' comes first
I don't want no one
Know the grindin' comes first
They tryna cool, it won't work
Know the grindin' comes first
All the money we burn, yeah
Know the grindin' comes first
It comes first, yeah

Uh, uh

See girls just to diss me
Now they in my DMs, wanna link me, uh
Them gyally tryna air the kid
But I just got my money up and then I burnt the bridge, uh
No time for a pagan, you know I'm a paid one
With a sweet one and I'm givin' her to JAY1
Hakkz done told you, we can go local
Brown-skin, peng ting baby, done told you

They just wanna get first
Know the grindin' comes first
I don't want no one
Know the grindin' comes first
They tryna cool, it won't work
Know the grindin' comes first
All the money we burn, yeah
Know the grindin' comes first

They just wanna get first
I don't want no one
