JAY1

Yeah, Jay1, Jay1

Jay1, Jay1

Jay1, Jay

Ah, look

Fuck it up

Then I hit the booth

Jay1 there's never a number 2

All my jiggas, we stay winning

If you know my team, you know we never lose

Everybody likes to ride the passa

Got my puffa like Michael Dapaah

Came thru' with like 5 girls and like 4 guys, and we done a mazza

Like, how your gonna talk about L

When I bucked your girl and give man uck

And how your gonna shop at JD with your best friend

When you owe man bucks

And if you feel clout in the air

Just take a deep look, its probably us

Man stepped in clean with his squad

Now your BM's looking all sprung

And I just got a call from the plug

And he told me, Jay let's go make some gwop

And he banged like £6.5k in a HS

And the girls in love

Like how your gonna talk about crud

When you touch your crypt

You pause your bug

And how your gonna talk about Dank

When your llapa looking like dust

Bro, bro meet two brownings called Abi & Becky

And the chemistry went so lovely

You would've thought we were Xavi and Messi

But the girl come looking like Squidward

So I told her to bring her bestie

And I can't do much with my right hand

So I have to dirt on my lefty

And I can't get caught by the jakes

So I told D9 turn left on the junction

And I just bounced 3.5k in a bouncy bud

And my now my head can't function

And how your gonna talk about Ls

When I bucked your girl and gave man uckers

And my G game home last week so I ain't got time to say

Free my bruddahs

I ain't gonna say that shit no more

The plug just banged like two on the HS squares that's 100 scores

And everybody wants to do gang with the mandem

Tryna break down doors

And I know that I'm clapped and I took your girl

But trust me it ain't my fault

It must have been all this sauce

I stepped in clean on the pitch with cuz

Looking like Giggs and Beckham

I got two tings from Peckham

And one of them looks like Ling from Tekken

Like we were out there streaming

Are you gonna back your bredrin
But fam pulled up with that shh
Are you gonna run when you see that shh
Like, and dem boy dere there just looking like Bad B's
Bro bro come thru' with the Chunkz
Now everyone calling him Asnee
Gyal with the big back, intelligent
With me she ain't doing up snappy
Jay1 come thru' in that spotlight
Now everyone gyallie's calling me a hotspice
Bad B from Cov come party
I said no, now she's telling me I'm not nice
Now my niggas from ends just changed up
Used to wear Nike, now they're doing up off-whites
And the pack of the amm just burnt me
Two bun just made man cough twice
On the bar
The food come lovely
On sight if you ever try bump me

Yeah, Jay1, Jay1
Yeah, Jay1, Jay1
Jay1, Jay1
Jay1, Jay1
