

Hennessy

JAY1

You see I'm way up
See me putting in the work until the days done
And if you niggas got an issue come and say suttin'
Aite say nuttin' I've been on my grind all day, on my grind all day
I was looking lost and then I found my way
Why you bummy niggas talking shit pon Jay?
How you talking shit on Twitter when your tweets don't pay?
How jobless JAY1, I make the gyally go bonkers
I step on stage and make the crowd do mosh pits
Couple niggas had the sauce but they lost it
Tell 'em kick back, grab a chair and come watch us
One Wave, I bet you can't stop us
Back then I was brass I got my funds up
Uptown, big batty girl love us
Shaking up her breast and back, it's all mad

The Hennessy, Hennessy make her lean and bop
I was making money, you were teasing thots
If I pullup then I'll leave with gwop
Tell me that your levels, you ain't keeping up
That's peak
Grab all the drinks, it's on me
Cochin' with like 22 baddies, they're all freaks
All about the vibes, ain't worried about beef (No)

Top floor, I'm chilling with the baddest ones
If we're talking big backs, she got the maddest one
G-W-O-P, I'm stacking some
Like how you talking 'bout the cheddar, you ain't stacking none
Ay, so why you lie and cap?
I ain't focussed on them niggas 'cause they type and gas
Nearly made a fucking milli' just from writing raps
See my tunes in the chart and it's climbing mad
Stop hiding facts
You start then I'm fighting back
Gotta big up One Wave 'cause they ride for man
I'm looking like the number one but
I ain't Stryder, man
And if you talk shit then I'll strike a man
My ting from south she my little dumpling
Older than the kid, I still call her my young ting
When I'm feeling bored I say suck on my long ting
Niggas talking shit but them niggas are nothing, it's all mad

The Hennessy, Hennessy make her lean and bop
I was making money, you were teasing thots
If I pullup then I'll leave with gwop
Tell me that your levels, you ain't keeping up
That's peak
Grab all the drinks, it's on me
Cochin' with like 22 baddies, they're all freaks
All about the vibes, ain't worried about beef (No)
