I remember when I had 2k on the Gram
No girl didn't wanna try play with man
Left the black kid on read like I'm AC Milan
So I thought fuck this let me change up my plan
Let me change it
Man I'm sick of getting turfed and I'm sick of looking basic
Grabbed a couple runners from the ends and then I've aced it
Couple couple thousands got me thinking that I've made it, shit then
If you ever fuck about then I'm ringing up some big men
Talked around the city man we'll aim to get your wig bent
If I'm catching uckers then I'll never ever kiss them uhh
And yeah I had an ex girl and that was looking like a blur
You can DM all you want give a fuck about these nerds
She ain't ever gonna talk so I dunno know what you heard

Like bro, I pull up to the rave and make it snow
And how is it the summer and I'm fully looking cold?
And if you do not rate me why the fuck you so involved?
Man that used to be my guy and now I hear you're sniffing coke
Man that's fucked up, tough luck, half the ends are rubbed up
I was on the roads just steady tryna get my funds up
Shout out to my brother cah my brother showed me nuff love
And if I'm ever slacking he would tell me get the fuck up, wait

Mummy always struggles, so I'm stacking up my papes
I just wanna give her everything and take her out the game
And I wanna hear her clap like I slapped you in your face like ayy An
d I ain't even gonna front man I do this for my pops
I remember year six we used to jump on a bus
He would drop me straight to school so he could go and do his job, li

run into a prick
And if you're up on P then why you asking for a tip?
Like I beg you keep it real and stop moving like a chick
