JAY1

(Nastylgia)

Look  
Name keeps bubblin'  
Mandem troublin'  
Probably vexed cah their girl keeps hollerin'  
G, I gotta make this money right now  
I can't beef cah the cash keeps doublin'  
Bro-bro told me, "Jay1, I gotta make them tunes  
But invest in other things"  
Grind hard, be smart, keep hustlin'  
Tick tock, be quick, don't fumble

If you ever thought Jay1's net worth's under a mill  
Then you must be puzzled  
And fuck being humble  
Man, I tried that and I didn't get fuck all  
Man speak with the chest, don't mumble  
Squad too strong, one wave, don't stumble  
Every time I step on the stage, it's a encore  
Never do a minimum wage, I won't crumble

G, stop talkin' shit  
Talkin' loose online, but live in the flesh you were callin' quits  
More time I ain't really on passa  
So I kick back with a gorgeous chick  
And my bro just sent me a pack  
So I checked at the lab and I made it flip  
Bare talk on the trap, but you ain't on piss

Testin' my line, then you will get aired  
'Cause I ain't got time today  
She came to my crib, I just gave her this dick  
Now she's feelin' a type of way  
She's livin' a mile away  
Jump in your Uber and drive away  
And if you try call me, then I ain't responding  
I'm probably countin' papes (Ayy)

Forty thousand for the new Mercedes  
Now she's steady beggin' for the passy (Passy)  
Young nigga flyer than a heli'  
I can take a trip becah I'm flashy (Flashy)  
Pull up quickly, take your boo-boo quickly  
Bet he won't do nuttin, he a patty (Patty)  
Sippin' liquor with the family (Family)  
Where's the party, send the addy (Send that)

If you ever thought JAY1 paid 15 for a beat, then you must be stupid  
Fuckin' idiot  
I was in my deals tryna get things movin'  
Independent boy, man's movin'  
Too juicy, black boy with the smooth skin  
Big stack in the bank, who's losing?  
Get food and flip that, get juice in  
Sit back with the gang, too cruisey  
Two groupies wanna come get loosey

Can't trust if he fuck with a opp, that's bookey  
Two chicks in the whip, one light-skin with a big back  
Come peng like Snoochie  
Thank God every cah it suits me  
Bare blessings when I come, man move me  
To a high position  
By spittin' these lyrics I'm makin' a killin'  
Them niggas are fishin'  
My niggas are winnin'  
I'm sippin' and billin', there's no competition  
I'm rubbin', she lickin'  
We're switchin' position  
My fingers are flickin'  
Her pussy be drippin'  
Her body a ten  
When she archin', I'm grippin'  
I'm shootin' my shot, there's no way that I'm missin'

Testin' my line, then you will get aired  
'Cause I ain't got time today  
She came to my crib, I just gave her this dick
