JAY1

Oh I need to know where we stand  
Do we share this special thing called love?  
I know I do, what about you?  
Oh I need you in my life  
Where do I go? What must I do?

Uh

Baby girl you know I love it when you say my name  
And any time it's getting late boo boo I'll let you stay  
I know you're beefing with your parents so I feel your pain  
I'm coming with some liquor girl, I'll pull up like I saved the day  
Girl you're rocking that Dior she's coming nice with it  
And any time she's feeling hungry I'm providing it  
You know I'm busy babe I'll always find some time for you girl  
I will never lie to you, I've got you put some time in it  
She sippin' that Henny, she burst, now she bussin' it  
She kissing my neck up she knows that I'm lovin' it  
I swear I got dreams and it's bigger than Buckingham

Baby when I smash you put your back in it  
You know that JAY1's got you why you asking it?  
I know you always call me when I'm not around  
She lookin' in my eyes while she be arching it  
She a freak I had to ask her why she fuss with it  
She said I do what you say, fall back she's coming my way  
Baby why you play these games? Let's bop to my place I'll do what it takes

"Just speak after the tone when you've finished your message just hang up or to hear more options..."  
"Jay call me as soon as you get this message, I miss you."

Don't be stupid girl I'm ready for your loving  
Yeah I'll call you when I'm coming baby I ain't even bluffing  
You're sitting on the mattress you bruck it up then I touch it  
I'm rubbing up while she moan when she back it it's never nothing  
And I ain't even tryna gas you you're phenomenal  
And I ain't worried bout these bitches cah you top 'em all  
And I ain't worried bout these niggas cah she blocks 'em all  
Like you were never happy then but now you're looking comfortable

You're comfy with me, you're comfy with me  
And I know that you pree yeah  
You're comfy with me, you're comfy with me  
And I know that you pree yeah

Oh I need to know where we stand  
Do we share this special thing called love?  
I know I do, what about you?  
Oh I need you in my life  
Where do I go? What must I do?
