

From This Moment On

Jaya

Ooh, ooh
Yeah, yeah, yeah
Oh, oh

All of my life, I felt the hunger
Wondering what it's gonna take
To find me a place called happiness
Somewhere that hearts don't ever break

Destiny carry me to the river of my sweetest dreams
You were a heart beat away and I knew I would find you someday

From this moment on (From this moment on)
'Til my life is done ('Til my life is done)
There'll be me and you and that's all we'll need
We'll go wherever life may lead
From this moment on (From this moment on)
You're my only one (You're my only one)
All the lonely days and nights are done
'Cause we're together from this moment on (From this moment on, on, on)

I was so blind to learn my lessons
Never this wild romantic soul
Fate was the burning flame that wound me
When love had left me in the cold
Reality feels so good (Why, why)
'Cause I'm touching something real and true (Why, so, so, so)
And now, whatever I'll do it forever
I'll do it with you (I'll do it for you)

From this moment on (From this moment on)
'Til my life is done ('Til my life is done)
There'll be me and you and that's all we'll need
We'll go wherever life may lead
From this moment on (From this moment on)
You're my only one (You're my only one)
All the lonely days and nights are done
'Cause we're together from this moment on (From this moment on)

It's funny how you fin'llly know that someday, somewhere, someone's meant for
you
You can lead the search and waiting
Hoping, praying behind you
Find out where love gets through
From this moment on (From this moment on)

'Cause we're together from this moment on (From this moment on)
'Til my life is done ('Til my life is done)
There'll be me and you and that's all we'll need
We'll go wherever life may lead

From this moment on (From this moment on)
'Til my life is done ('Til my life is done)
There'll be me and you and that's all
