

Where Do We Go From Here

Jaya

I wasn't looking for someone like you
But that's the way it always goes
How could you know that I'd be the one
Where love comes from, nobody knows

Standing here heart to heart
We're both afraid to start

So where do we go from here?
What do we do if sunshine turns to tears?
There's an ocean now between us
Will it disappear?
Where do we go
Where do we go
Where do we go from here?

Here in the moonlight, wrapped in your arms
I do believe in love
Tell me tomorrow when we open our eyes
What we've been dreamin'
Will still be enough

In a world that's spinning fast
It's a fight to make love last

So where do we go from here?
What do we do if sunshine turns to tears?
There's an ocean that's between us
We'll make it disappear
Where do we go
Where do we go
Where do we go from here?

If this love's forever
Oh, baby I don't know
But hold on tight
Cause here we go

Where do we go from here?
What do we do if sunshine turns to tears?
There's an that's between us
Let's make it disappear
Where do we go
Where do we go
Where do we go from here?...
