(That big 23 shit)

I know a whole lot of shit that I can't tell nobody
And I done seen a lot of shit that I wish I wasn't watchin'
Slide around through my city, just me and my rocket
Know these pussy niggas plottin', so one in the noggin
Police on my dick bad, so I watch how I'm drivin'
Still smash the gas, show my ass, young nigga wildin'
Shooters stay in front of me, one on side me and behind me
That boy'll step you for a Rollie, call that perfect timing
Bang shit, gang shit, we on that same shit
Stay in your lane bitch, step on you and who you came with
These pussy niggas need to be exposed, they on some lame shit
Dracos'll take off a nigga's throat, now he brainless

Bithh, slay and we gon' slay you, I bang the ATK too
Step on 'em like a grapefruit, we increase the murder rate too
Two shooters hoppin' out a rental, run and we gon' chase you
