

## Better Days

JayDaYoungan

Back when I was hungry, they ate in my face and used to laugh  
Family want it, and they stole from me, damn, that shit sad  
I ain't want to do it, but I still did, that shit bad  
This shit gettin' to me, I just wanna take it all back  
It feel like yesterday when mama told me, "Watch who you call friends"

We forever straight, I promise you gon' worry not again  
Gon' see better things, I pray that we don't fall down again  
If you do, I pick up you unless we all down again

My brother caught the case, niggas tellin' on they main man  
Young nigga slangin' K's, tryna catch a nigga lackin'  
Can't ever change my ways, I'ma still be the same man  
Bitch, get the fuck out my way  
Got too much on my plate, I'm just tryna escape  
I ain't never get to meet him, my grandpa died in a drive-by  
This shit gettin' deeper, and it's kind of hard to hide cry  
This for all my people gone but not forgotten, fly high  
Just make me a promise, you won't ever leave from my side

Back when I was hungry, they ate in my face and used to laugh  
Family want it, and they stole from me, damn, that shit sad  
I ain't want to do it, but I still did, that shit bad  
This shit gettin' to me, I just wanna take it all back  
It feel like yesterday when mama told me, "Watch who you call friends"  
We forever straight, I promise you gon' worry not again  
Gon' see better things, I pray that we don't fall down again  
If you do, I pick up you unless we all down again

(Unless we all down again, yeah  
Unless we all down again  
I got you if you fall)
