Warzone, tell 'em pussy niggas lay low
I got me some shooters in the cut, they love Dracos
And it ain't no question, they gon' move when I say so
Face shot, bitch we tryna leave the case closed
One drop, but it feel like I need eight more
I got plenty money but I like to make more
Spoiled the bitch so she hate it when I say no
Ain't got time for this shit, I swear I hate hoes

Had to fall back from that and get straight to dough
Yeah, I used to be a local now I'm cross the globe
All these boogers in my jewelry like a snotty nose
Bitch looked at me and was shocked like she just saw a ghost (u
h, uh)
Gucci on my toes
Yeah, they speakin' on my name but they don't really know
Bitch, I really mean business, fuck what you was told
Outta line, and you gotta get hit with the pole
Pressure comin' my direction and I don't never fold
Pussy boy, you better not play, gon' leave you face swole
Never change on who I love 'cause they was there the most
Heart cold, that's the reason I don't trust a soul

Warzone, tell 'em pussy niggas lay low
I got me some shooters in the cut, they love Dracos
And it ain't no question, they gon' move when I say so
Face shot, bitch we tryna leave the case closed
One drop, but it feel like I need eight more
I got plenty money but I like to make more
Spoiled the bitch so she hate it when I say no
Ain't got time for this shit, I swear I hate hoes

I swear I hate hoes, hate it when I say no
Tryna leave the case closed
Bitch, we love the case closed
Case closed
And we gon' leave your face swole
23 shit, we gon' go
