Cold Case

JayDaYoungan

They murdered som' (Haa), they murdered som' (Haa)
They murdered som' (Haa), they murdered som' (Haa)
They murdered som' (HeartBeatz on the track)

Cold case, we tryna leave that boy wit' no face
Bitch, you gon' fuck around and die, stay in your place
Hold up, wait, bitch, you must wanna be a closed case
My 23 slide opps block without no roller skates
And, bitch, you know I keep one in the chamber
If you move, I gotta shoot, on 23, bitch, I'm a slanger
And we gon' bust your fuckin' head, that shit you said got you in danger
Chapo took one to the leg, he still ain't scared, he steady bangin'

Up close, that's how we play it, ain't no more out the window hangin' (No)
The stick retwist your dreads give you a edge my favorite banger (Come on)
Crack a head, bitch, I want some bloodshed, I'm too anxious
He actin' like he here, put him on the news and make him famous (Pussy bitch)
We want your head so pussy nigga, take that vest off
Run down with them TECs out and chop a nigga neck off
Steppin' wit' no shoes, when you sneeze, that's when we bless y'all
I know we ain't at school but bitch I'm tryna get you checked out

Gunfire, gunfire
I'm tryna leave you stressed out
AR, take your breath out
Bitch, can't nobody help y'all
Gunfire, gunfire
We don't want nothin' from your neck down
Chopper turn a pussy-ass nigga to a meltdown (Grra)

Cold case, we tryna leave that boy wit' no face (Wit' no face)
Bitch, you gon' fuck around and die, stay in your place
Hold up, wait, bitch, you must wanna be a closed case (Closed case)
My 23 slide opps block without no roller skates
And, bitch, you know I keep one in the chamber
If you move, I gotta shoot, on 23, bitch, I'm a slanger
And we gon' bust your fuckin' head, that shit you said got you in danger
Chapo took one to the leg, he still ain't scared, he steady bangin'
