

# Crying Out For Help

JayDaYoungan

Roddy Beats (Roddy Beats)  
The Heroes  
Oh, oh  
Oh, oh  
Oh, oh

I ain't got nobody but myself (Oh-oh)  
They left me cryin' out for help (Oh-oh)  
No, I ain't got nobody else (Oh-oh, oh-oh)

Had to learn to play the cards that I was dealt  
I went hard and I got scarred for doin' right when shit went left  
Big AR rip up your car, let's go to war, don't cry for help  
We in charge, them some lil' boys, they don't sling raw, they never step  
I don't know who there for me  
Don't know how much more left in me  
Got steppers who go step for me  
But had a snake right left of me  
Remember nights that I ain't eat  
Stomach hurt, my shit was weak  
But now I do this shit with ease  
Might run a check up in my sleep (All in my sleep, like, oh-oh)  
I stand on what I believe  
Live by respect, that's what I need  
Can't give me that, won't let you breathe  
Them pussy boys try to squash beef  
But you know me, I don't cop pleas  
Tryna make opps drop to they knees  
You better now sleaze, bitch, you gon' bleed  
And that's on me, big 23

I ain't got nobody but myself (Oh-oh)  
They left me cryin' out for help (Oh-oh)  
No, I ain't got nobody else (Oh-oh, oh-oh)

Can't get no sleep, I'm still up, four in the mornin'  
Got my Glock up in my hand, bitch, I ain't playin', I'm like a warden  
Catchin' bad, bitch, I be strapped out on the stage while I'm performin'  
If you reach, get put to sleep, my niggas squeeze without no warnin'  
Catch me solo with a .44, I don't really need a army  
Bitch, we really in that field, damn near like a drill when we get borin'  
They been askin' me bout shit I cannot speak on, so I'm ignorin'  
Bitch, keep trippin', watch me finger-  
fuck the Glizzy like it's horny (Like it's horny)  
Came to conclusion I don't really need nobody but myself  
Ain't do shit for me, but I was there for them when they need help  
Caught a right there by the left, the Glock was right there by the belt  
Don't try to step and lose your breath, bitch, you gon' melt and bleed to de  
ath, who the best now?

I ain't got nobody but myself (Oh-oh)  
They left me cryin' out for help (Oh-oh)  
No, I ain't got nobody else (Oh-oh, oh-oh)
