

Don't GAF

JayDaYoungan

Hate it when she in my face
But love it when she give me face, yeah (23 shit, it's like that)
Yeah, ayy (23 shit, Rich, why you do 'em like that?)

They wanna see me locked away, they see DaYoungan gettin' cake
They always postin' on the 'Gram but we don't play in their games
Hate it when she in my face, but love her when she give me face
If she spit, might catch a case, I just don't give a fuck today
Got me mad as fuck
When I get in my mood might be she testin' right now, givin' up
Thinkin' 'bout my sisters and think to myself, "Can't give up"
For all the niggas did me wrong they gotta feel us
I hope them niggas come prepared, they tried to kill us

What the fuck you doin'? I'm movin' this shit right here, stick up
I was droppin' off packs, you was hoopin' playin' pick up
Even when I'm rich I'ma find ways to get richer
Fuck them niggas 'cause they cut me out a picture
I ain't trippin' off shit, I'ma keep snappin' and get bigger
Shout out JD, I get my 23 my nigga
One, two, three, four, five, six I want seven figures
Seven, six, five, four, three, two, ballin' like a Wizard
Feel somethin' like John Wall, got my back against the wall
Who gon' catch me if I fall? Yeah (Yeah, yeah)
Beat your ass like "Ooh, no mas", spend a ticket in the mall
Baby, J gon' have it all

They wanna see me locked away, they see DaYoungan gettin' cake
They always postin' on the 'Gram but we don't play in their games
Hate it when she in my face, but love her when she give me face
If she spit, might catch a case, I just don't give a fuck today
Got me mad as fuck
When I get in my mood might be she testin' right now, givin' up
Thinkin' 'bout my sisters and think to myself, "Can't give up"
For all the niggas did me wrong they gotta feel us
I hope them niggas come prepared, they tried to kill us

When I was broke and ain't have shit, no, they didn't gimme none
Think to myself out on the up and ain't no givin' up
These niggas snakes, they all fake and ain't real as us
When I was down on my ass they ain't pick me up
Now I'm on my shit, you think I give a fuck?
Two years ago I was broke as a bitch, now I'm worth a million plus
I done ran it up, I went two-door, windows tinted up
Blizzy's tucked, got shooters behind me and they trailin' us
They want me out the way, they wanna see me catch a case
They throwin' shots across the ground, we sendin' shots across your face
I hate when pussy niggas play, gon' make me send 'em to the grave
Bitch, I'm bangin' ATK and all my niggas slangin' Ks
They askin' me why I escape, I been on the interstate
It's been for a couple days, my life fallin' out of place
I think it might get took away, tell my mama it's okay
My little sister, she got a raise and make sure my boys are straight

They wanna see me locked away, they see DaYoungan gettin' cake
They always postin' on the 'Gram but we don't play in their games
Hate it when she in my face, but love her when she give me face

If she spit, might catch a case, I just don't give a fuck today
Got me mad as fuck
When I get in my mood might be she testin' right now, givin' up
Thinkin' 'bout my sisters and think to myself, "Can't give up"
For all the niggas did me wrong they gotta feel us
I hope them niggas come prepared, they tried to kill us (Tried to kill us)

Yeah, yeah
Hate it when she in my face, love it when she give me face
Yeah, I just don't give a fuck today
