JayDaYoungan

Just for a plate I'll do whatever it takes
If you ain't talking bout money get the fuck up out my face
Every night I might not pray but I know god gon keep me safe
I'm just tryna make a way
Just tryna elevate

You claim you fuck wit me but damn you still stuck in the past
They smile in my face but they left a knife stuck in my back
Don't speak on a situation if you ain't stating facts
My dawg caught a case got 15 years cause niggas rat
Lil bitch hit my line like I heard yo song all on the radio
You got me on speaker lil bitch you tweaking you a messy hoe
These niggas want beef and it ain't shit for us to let em go
Just copped me a rifle and this bitch here came with a telescope

I'm on a whole nother level (yeah)
Bitch I be fly without feathers (yeah)
Pull up (skrt, skrt, skrt) ain't stopping my foot on the pedal
I just got me some new ice (yeah)
My diamonds so wet up
Fuck around you can lose life (yeah)
Get hit wit that metal (glatt)
You better get on my level go ask bout the youngan they know that I'm

Slide to Atlanta picked up a bag and shot a video
Then went to my interview full of lean, was moving really slow
After that pulled up on my lil bitch she a lil pretty hoe
