Oh way oh way oh way
Oh way oh way oh way

Wake up early morning racing to the block I gotta get the check
Bitch free Luke and Braxton don't get tired or I won't win the
race
I just hit a vice man nigga feeling drama knit
Pussy nigga blowing up my phone don't know he finesse
Run all my bitches, I cut off them niggas that kept all them ho
es in my mix
Go to the trap we gon pick up the pack then traffic I'm actuall
y taking the risk
Bitch I ain't friendly you didn't fuck with me when I was down
bad and didn't have shit
Now I'm that nigga I'm stepping up better and all my fans they
wanna take pics

Look, popping them Xans then I'm out the lair
We on the top just me and my man
Think about signing and blowing the advance
It's going now can't serve from the hand
Bitch I'm the hottest I need me a van
Free all my niggas that down in the can
Don't know I want you bitch
I want you and your friend
Do a show all on the road
Then fuck on one of my fans
She gon eat me like she greedy
Ain't gon do it with no hands
I swear hot, she like fish grease jumping out the pan
I'm the man
I just pull a bandz
Nigga down my pants tryna take it
Bitch all in my face you like where you stand
I'm just praying, I stick to the plan
