

Muddy Situation

JayDaYoungan

I knew it wouldn't be long greatness come with patience
Yeah, the feds tryna trace us, it's too late, we relocating
Go pick up my medication, now I'm in the Matrix
Fill my cup up then taste it, muddy situation
Just come fuck on me baby
It ain't no time to be wasted baby girl, let's go crazy
I just want you naked
She say she ain't never had a nigga like me, I'm amazing
I get to the check, no Nike, fascinated with blue faces
I just pray to god I make it, I'm so dedicated
Chasing bags, my heart racing
Work hard, no vacation
We can take a trip to Vegas
Just keep it real, don't fake it
Twist the backwood then I face it
It keeps me concentrated

That fuck shit, I hate it
All that fake shit so out-dated
Swear I'm so underrated, they keep telling me I made it
Dread head but no Jamaican
Face was wrapped up like Haitian
Ain't have shit, wanted paper
All this shit took was some patience
Got up on my feet and got suck to the streets
Every night, momma be prayin' for me
Keep it real, that's all I do
OG's was influencing me
If you know I wouldn't do it to you
Tell me why the fuck would you do it to me
Try playing me like I'm a fool
Don't want to be with me then you can leave
I gave you my heart, don't break it
I love what we created
I hope one day we embrace it and never let 'em take it
Sippin' daily, I be faded, muddy situation
Since I started, they been hating
But that's just motivation

I knew it wouldn't be long greatness come with patience
Yeah, the feds tryna trace us, it's too late, we relocating
Go pick up my medication, now I'm in the Matrix
Fill my cup up then taste it, muddy situation
Just come fuck on me baby
