

## New Spot

JayDaYoungan

I'm in the streets everyday where I'm at  
Was on the block tryna flip me a pack  
I ain't got time to take no nap  
Bitch if you flex take one to the scalp  
No I ain't friendly ion want no dap  
Phone steady ringing my shit might be tapped  
They say the record bitch we on the map  
Visit the spot this a regular trap  
She say that she don't want no relations  
She wanna fuck cause she know what I'm makin'  
Just speak the facts when I'm constantly facing  
Clutchin' my waist cause I know they wanna take me  
Straight to block that's where I racing  
Bitch you know I ain't got time to be caking  
They on my dick that's why they be hating  
They know that they broke and I'm receiving paper

They hopping I flock, they want my spot but I won't stop  
Need to buy me a spot, got too many knots whenever I move they watch  
Retire my Glock, my new A.R that's a hunnit shots  
They just freed Glock, and where he at?  
He right back on the on block  
I'm finna hit the lot and when I leave I'ma drop my top  
I call my lil thot, she get on top move like a robot  
I got designer on my socks, check out my kicks these ain't in stock  
I got the streets hot, they askin me when I'm gone drop  
I know a lot of killers  
And we got a lot of pistols  
I really know all you niggas, and no you is not official  
We can't argue nigga  
We don't like talkin' nigga  
We like stalking niggas, pull dropping niggas
