

No Talkin

JayDaYoungan

You always gay, all these choppas 'round me like [?] K
Fuck all that, I ain't doin no talkin
Uhh, it's that 23 shit

Fuck all that, I ain't doin' no talkin'
Bitch you been hatin', them slangs I caught 'em
These niggas quick to pussy shit often
Beggin' for favors my number you callin'
Look to the top but you niggas kept fallin'
Been tryna keep up, it's too late, I done lost 'em
You know your self, I got shooters who stalkin'
Said I'm a miss, put one in a coffin
I done took all them drugs now I'm flyin' away
Just brought me some brand new iron to spray
Which one of you fuck niggas dyin' today?
No playin', ain't got no time to waste
All this ice think you might go need roller skates
All these choppa around me, might catch this case
Don't need a location, we know where you stay
You talkin' but pussy you know you gon' lay, bam (like bam)

You talkin' but pussy you know we don't play
My steppa he really on go when I say
Gon' blow your shit back when we notice your face
You mention my name, bitch you close to your grave
Take your life, load up them K's
Step on site, open his face
Broad daylight, bitch you can lay, like bam
We in the light so they can't relate
Give a fuck what they say, they ain't fuckin wit' Jay
I'm in that field, I call lotta plays
Servin' the city, all ten get paid
Pull up in the trap and stay upp'in' all day
Ain't get shit free, bitch you gotta pay
Diss niggas mad so they spreadin' the hate
Your bitch'll fuck me 'cause she know you a lame
Back end baby, that bag what I chase
They tryna keep up but they know it's too late
Movin' too fast, can't keep up wit' the pace
Workin' whole nights 'til I see what I made
Stop sendin' shots on your Instagram page
Before you dance on like we hit you with A's
Free all my niggas who locked in the cage
It won't be long, they say they on the way

Fuck all that, I ain't doin' no talkin'
Bitch you been hatin', them slangs I caught 'em
These niggas quick to pussy shit often
Beggin' for favors my number you callin'
Look to the top but you niggas kept fallin'
