

## Scarred

JayDaYoungan

I'm on some gangsta shit, so I don't talk on cellphones  
Told her to leave me alone, tell me, would I be dead wrong  
I gave you everything, how could you do me wrong  
It's just much that be going on, this shit done got my head gone

But I'm at the top right now, I feel just like the President  
These niggas on some tellin' shit, my niggas on some steppin' s hit

Been at the airport so much, feel like my new residence  
Drop a big bag, leave no evidence, he talk and we gon handle it  
And I can't lie, I'm scarred, behind you I'm going hard  
This for all my niggas locked behind them bars  
This for all my niggas locked behind them bars

Ain't no way we going back broke (No more)  
Promethazine got me living my life up in slo-mo  
Been running it up so I don't give a fuck, been living life like YOLO

They mad at me, I'm in love with streets, got this in a chokehold

Bought me a brand new two door, I do not fuck with the four doo r

These niggas be hoes, that's why I'd just rather ride solo  
When I step on the scene, money all in my jeans, everybody asking for photos

Why you kissing that bitch, she can suck my dick, I ain't even much know that was your hoe

These bitches would do anything for fame, I'll make them fuck me for promo

What the fuck you got them clothes for, told that bitch touch your toes, hoe

Time is money so I gotta run it up

No feelings no more, I'm out of luck

I'm on some gangsta shit, so I don't talk on cellphones  
Told her to leave me alone, tell me, would I be dead wrong  
I gave you everything, how could you do me wrong
