But it ain't shit for me to come up
We done with the gutta
Stop sending threats through your keyboard
That shit ain't gutta

Go get ya brother
We strap bad, need an army just to take us
Creep up on ya, no mask
Let the draco fuck ya face up
Pussy niggas be mad
Don't understand why they hate us
Really they sleeping on me
Finna make them bitches wake up
Go ask ya brother bout the Youngan
He know how I'm livin
Niggas outchea dick riding
Wanna have my children
Whats on yo [?]
That's a bet, oh that's how you feelin?
Better yet we at yo neck
Broad day we spinnin
The last time a nigga play with me?
It's been a minute
Clutchin 38's and 30 K's
Ain't shit to get you finished
Throwin' slang, speakin on my name
Guess you want attention
Bitch, stay in yo lane
For that gang, let you feel extensions
My lil youngin, he da dumbest
Yeah, he trained to go
Ain't too official, [?] bring the scope
Catch you in the face
And fuck around and rearrange ya nose
But if we miss, we spin again
Up and let em bang some mo
Let it rain some mo
Now you know you up in danger mode
If you think I'm playin with duke[?], yo ass shoot
Bitch, I came to scope
Draco holdin 75, I'm bustin til it ain't no mo
Gone pull up with them heaters
Trigger squeezin, bitch we came for smoke
With this burner I can turn a nigga head hot
Bitch you outta luck
No nigga duck, I got the red dot
And if you try to jack you, gettin whacked
Fuck a leg shot
I'm pushin yo shit back

Take some head shots

Slick dissing on nem songs
Gone make me whack a bitch
You speak again, I sprint up in
Pull up, hop out, and crackin shit
Give a bitch nigga 21 shots
We on some savage shit
Catch me in traffic, bitch
Make the ratchet do a magic trick
You gone disappear when I start clappin
This my magic stick
