

So Long

JayDaYoungan

Pipe this shit up, TNT
(Kay-Tay made the beat)
(The Heroes)

Real niggas never die, but real niggas cry
All these bitches do is lie and they can't tell you why
Got so much pain deep inside, see it all in my eyes
I'm givin' up with love, I tried, I said my last goodbye
And they wonder why my heart so cold
I been thinkin' 'bout my niggas, they been gone so long
Feel like you givin' up, oh no, hold on
I been goin' through so much, that's probably why I'm so strong

My cousin dodging indictments, they want him gone so long
Pussy niggas don't like me, I'm tryna leave the stroke on
Back then we used to live trifling, aunt told me turn the stove on
Now I get checks but no Nike, I gotta bring some more home
All these bitches do is lie, all the real niggas die
Don't tell me shit if it's a lie, bitch, you can't look me in my eye
If you my thug, then you gon' slide
If you gon' ride, then I'm gon' ride
If you gon' die then I'm gon' die
If I'ma shoot, then you gon' drive

Real niggas never die, but real niggas cry
All these bitches do is lie and they can't tell you why
Got so much pain deep inside, see it all in my eyes
I'm givin' up with love, I tried, I said my last goodbye
And they wonder why my heart so cold
I been thinkin' 'bout my niggas, they been gone so long
Feel like you givin' up, oh no, hold on
I been goin' through so much, that's probably why I'm so strong

I let go all my pride, I'm sick and tired of tryin'
I know that these bitches gon' lie
I know that one day we gon' die
I think about closing my eyes
And I hop in my ride, real fast I'ma drive
Coupe swervin' through traffic, I'm blind
Shoot first, we slangin' that iron
And they wonder why I stay solo
I cannot fuck with you snake bitches no more
Dealt with love too fast, listen to me, go slow
Heart been broke so many times, I just might need four more

Real niggas never die, but real niggas cry
All these bitches do is lie and they can't tell you why
Got so much pain deep inside, see it all in my eyes
I'm givin' up with love, I tried, I said my last goodbye
And they wonder why my heart so cold
I been thinkin' 'bout my niggas, they been gone so long
Feel like you givin' up, oh no, hold on
I been goin' through so much, that's probably why I'm so strong

That's probably why I'm so strong
We gon' pull up right at his home
Pussy nigga...

That's for that shit you said on songs
Bah-bah-bah-bah-bah-bang
Walk him down, you gon' catch two right to the dome
That 23 shit
